

## Local and National Community Service

- Served for over 10 years in scouting, first in Cub Scout Pack 1191, then as an Assistant Scoutmaster and Committee Chair for Boy Scout Troop 460. Led the first Troop 460 trip to BSA Florida High Adventure Sea Base. BSA Wood Badge. Carroll District Scouter of the Year.
- Serves as a judge in the Gold Star Post 191 American Legion High School Oratory Scholarship Program.
- Serves as a canoe guide at the Jug Bay Wetlands Sanctuary on the Patuxent River, and has a deep appreciation for preserving Maryland's natural beauty and heritage.
- Led the Department of Energy's nationwide participation in the "Feds Feed Families" program to tackle food insecurity, resulting in the Department's collection of over 211,000 pounds of food donated to local food banks.

## I am Optimistic about our Future.

This is an important time to reflect on the town we have and what makes it special. I believe that moving forward we need to embrace what makes us unique as a town and build upon that, rather than trying to become like other towns that surround us. I am ready to get to work for you.

**Vote for Steve Domotor on May 3<sup>rd</sup> at the Fireman's Activity Building / Carnival Grounds.**

# Steve DOMOTOR

## Effective Leadership for Mt. Airy Town Council

### I Want for You what Mount Airy has Given to Me.

Hello! I'm Steve Domotor. My wife and I have lived in Mt. Airy for 27 years and have been blessed to raise our family in this wonderful town we all call home. I believe all of our residents should enjoy the same sense of safety, serenity, economic opportunity, and quality of life that have provided my family with years of enjoyment and sense of community spirit.

### I am Dedicated to Your vision for the Future of Mount Airy.

For the past several years I have served on the town's Growth and Development Task Force, responsible for developing and implementing the Mt. Airy 2020 Community Survey. On behalf of the Task Force, I analyzed the results, prepared the survey report, and presented these to our Mayor and Town Council. As such, I have strategic insight into the vision **you** expressed for the future of Mt. Airy, and a deep understanding of the views and concerns that impact your daily life as a town resident.

*I will always give you my best!*

## **I Will Take Action and Deliver the Results You Have Asked For.**

I want to now be **your** voice and see to it that **your** views and concerns are acted upon. I am dedicated to your vision for the future of our town. And I want to ensure that your vision is reflected in the revision of the town's Master Plan that is now underway.

### **The safety of you, your family, and our community is a key priority:**

- Improving traffic safety on Main Street.
- Addressing concerns about vandalism, crime, and drugs.
- Seeking creative solutions for new business growth and improvements for a revitalized downtown district.
- Encouraging additional business growth in existing commercial areas.
- Supporting your strongly held views on restricting residential growth.
- Decisive action on the Flat Iron Building / connection of Center Street to Rt. 27.
- Increasing nature trails, open space, and other recreational facilities.
- Preserving our town's historic charm, small town values, and way of life.

## **I Have the Experience, Traits, and Steady Hand to Get the Job Done.**

- I have 34 years of dedicated civil service, first at the Maryland Department of Natural Resources, then at the U.S. Department of Energy that included serving as Director for the Office of Analysis, and most recently as an Assistant Administrator and Chief Safety Officer within the U.S. Department of Transportation.
- As a retired scientist and senior executive, I have led many leading-edge programs and inter-governmental Task Forces in the areas of environmental protection, safety, and the national defense of our country.
- As such, I have proven experience in building partnerships and leading change, and the business savvy needed to secure budgets and grants. These will be valuable assets in serving the town.
- I have knowledge of the Town Council and Commissions through attendance and interactions with their representatives.
- I treat people with dignity and respect, and listen to all voices and opinions. I lead with integrity and care about the people I serve.

**I will bring a fresh voice, questioning attitude, and analytical approach for continuous improvement in the Town Council.**
